La vraie France Vous Invite'

'La vraie France Vous Invite' is our way of inviting students to join us for an exciting, enriching and unforgettable experience in France. While students will spend most of their academic time in Paris, they will also visit numerous surrounding points of interest including: Giverny - home of renowned artist Claude Monet, Versailles, the Loire Valley, Rouen and Dieppe (site of the Canadian forces landing in 1942). Our goal is to provide the students with a safe, educational and memorable experience where they are captivated and engaged by the cuisine, music and ambience of this incredible city and country.

We look forward to sharing with you the 'joie de vivre' of Paris and France during July 2012
